ARM WRESTLING RULES & REGULATIONS

Updated – January 10, 2010

- **SAFETY FIRST!**

- ***DO NOT ARM-WRESTLE WITHOUT WARMING YOUR ARMS UP!**

- *1. **Warming up** - It is strongly advised to warm-up your arm prior to competition. Mild arm wrestling practice, hand grippers, push ups, dynamic tension, open air grip training with a partner or whatever works for you. Most injuries occur when the contestant's arm is not sufficiently warmed up. The use of heat liniment, arm warmers or wrapping the arm to keep it warm during competition is advised.

*2. **REFEREE STOP MATCH** - Contestants MUST IMMEDIATELY stop arm-wrestling if referee calls a STOP MATCH. The referee will then decide what contestant was in an injury prone position and who caused the stop match. If the contestant was in a losing position it will be declared a loss of match (SEE PHOTO BELOW). If the contestant is in a winning position it's a foul.

See Photo Example: Reason for Stop Match

(Contestant on the right is in an injury prone or 'break arm' position)

(The shoulder must be in line with or behind the arm as the contestant on the left)
